CAREER OBJECTIVE

An enthusiastic, reliable and persuasive graduate who is looking to pursue a career in a reputable organization which provides a healthy growth and environment. Currently seeking a challenging career that utilizes my technical, analytical, organizational and communication skills.

EDUCATION

University of Central Punjab (UCP), Lahore

B.S. Computer Science

Sep 2020 - June 2024

Muslim Group of Schools and Colleges, Multan

Fsc (Pre-Engineering)

June 2018 - June 2020

SKILLS

- Proficient in C/C++, SQL, Python, Html ,css
- Experienced in React, JavaScript
- Experience with software development and project management.
- Excellent problem-solving skills and ability to work collaboratively.

PROJECTS

- **Quiz Website using React:** Created a dynamic Quiz Website using advanced concepts of React.js, providing an interactive and engaging user experience.
- **FYP on BEST Employee Predictor:** Led the frontend development of an online hiring platform that incorporates technical tests, confidence check interviews, and CV parsing to predict the best employee fit. Utilized advanced React.js concepts to build a responsive and intuitive website interface.
- **Library Management:** Developed a Library Management System that allows for efficient book enrollment, tracking of borrowed books, and managing due dates for members.

ONLINE COURSES

- CS50: Introduction to Computer Science, Harvard University.
- Front-End Development Bootcamp, Frontend Masters.
- React - The Complete Guide 2024 (incl. React Router & Redux), Udemy
